

## **Grade 4**

When entering this grade in September, it will be important for your child to arrive equipped with certain skills/knowledge. In particular, it will be very important for your child to meet standards in the following specific subject areas:

### English

- Student should be able to fluently read easy chapter books
- Student should be able to answer questions in full written sentences using correct spelling and punctuation

### Math

- Please click on the below placement test to check if student has mastered the previous materials:

[https://cdn.shopify.com/s/files/1/0603/7487/6349/files/Placement\\_Tests\\_8.pdf?v=1635781030](https://cdn.shopify.com/s/files/1/0603/7487/6349/files/Placement_Tests_8.pdf?v=1635781030)

If your child does poorly on the test, he or she needs more practice of these concepts in order to be ready for September. Please see the next page for resources we recommend to help your child catch up to grade level.

### Punjabi

- It will be helpful for child know how to read Punjabi before beginning school, although it is not mandatory. Contact us for information on free Punjabi classes.

Recommended Resources for Extra Practice:

English:

(for struggling readers, these are good practice books):
