

Junior Kindergarten

When entering Junior Kindergarten in September, it will be important for your child to arrive equipped with certain skills/knowledge. In particular, it will be very important for your child to meet standards in the following specific subject areas:

English

- Student should know the alphabet in order, and be able to identify letter names
- Student should know some basic vocabulary, such as animal names, everyday objects, body parts, and colours

Math

- Student should be able to count to 20

Punjabi

- It will be helpful for child to learn Painti Akhar before beginning school, although it is not mandatory
